

Atlas: Proven Transportation & Infrastructure Alternative Delivery Partner. With expertise in Design Build, Progressive Design-Build, and CMAR/CMGC, we've supported 118 Alternative Delivery (AD) projects nationwide, totaling \$80B in construction costs. Our comprehensive services include quality management, program/construction management, engineering, design, and environmental solutions.

SERVICES

- QUALITY MANAGEMENT**
(Including Material Testing and Inspection)
- PROGRAM/CONSTRUCTION MANAGEMENT**
- ENGINEERING AND DESIGN**
- ENVIRONMENTAL SOLUTIONS**

PACIFIC NORTHWEST

In Puget Sound, we've established ourselves as market leaders in the alternative delivery space, providing quality management, environmental, and geomatic services by partnering with major contractors building Sound Transit and WSDOT projects.

25 AD PROJECTS

\$10 B CONSTRUCTION COST

WSDOT: Coastal 29 Fish Passage Bundle

CALIFORNIA

We provide owner's representation, advisory services, and engineering services to Caltrans, as well as major high-speed rail projects in CA and NV.

35 AD PROJECTS

\$24 B CONSTRUCTION COST

California High-Speed Rail Authority

CHICAGO/MIDWEST

We are contributing to Illinois' largest DB contract, assisting the Chicago Transit Authority in the delivery of the Red and Purple Line Modernization through our engineering and design services.
